Anti-Bribery Policy

We take our responsibility to prevent bribery very seriously. PACE staff are prohibited from offering, promising, giving, or requesting, agreeing to receive or receiving any financial or other advantage from another person or business.

If you are offered any gift or invitation as part of your employment with PACE you must tell your manager (and copy in hr@paceforall.com) as soon as possible. If you do not declare any gifts or invitations the disciplinary policy might be used and/or there may be a criminal investigation.

All PACE staff have responsibility for preventing, detecting and reporting any instances of bribery. If you have any concerns please contact your manager and the COO.
